Building Community Leadership

Are you ready for a new professional or personal challenge?

Is it time to reinvest in yourself?

Are you hoping to be more involved in the community?

Would you like to learn more about our great community of Hutchinson?

The Hutchinson Leadership Institute is hosted by the Hutchinson Area Chamber of Commerce and Tourism. This comprehensive program is designed to build community leaders. The Institute provides participants with a unique opportunity to turn knowledge into action through classroom experiences, hands-on activities, and a variety of assessment tools.

This program has had the great privilege of providing community information and leadership training to over 625 graduates, for 28 years. Like any good leader, we don't maintain the status quo. Each year the program undergoes format and curriculum changes in an effort to improve the quality of the experience.

Over the period of nine months, participants will experience 10 days of training, and classes. Each participant will be assigned to a group service project, which will then assess community needs, determine a project, facilitate the project working with other community members and/or groups.

Group work will culminate with a group project presentation.
