

Farm Fatigue Thank You's

The Agri-business committee took to the fields (literally) the last couple weeks to spread some joy and to let the farmers of McLeod County know we are thinking of them! 300 bags and buckets were distributed. These were filled with snacks, useful items and a meal from Subway Hwy 7. We cannot thank everyone enough for showing some of the most hardworking people in our communities how much they are appreciated and that we truly care about what they are doing! Big shout out to the following for their donations!

Check out these fun 19 year difference photos!
